Professional Summary

I have a strong passion for filmmaking, which has led me into a variety of areas within the field of film, such as directing, writing, producing, composing, editing and cinematography. Excelling at scriptwriting, composing/scoring and photography. I have a sharp eye for detail and the extra ambition necessary to put in extra hours of work to see to it that a film has received my best possible efforts.

Skills

- Problem solving skills to resolve conflicts that arise on set
- Active and effective listening skills providing all casts and crew with attention as needed
- Detailed orientated in ensuring that things are done accurately

Hobbies and Interests

My passion for the arts of not only film making, but also music, as this is something I also enjoy. Frequently I can be found perfecting my craft of filmmaking through networking with others in the field, reading, researching and participating in positive events that promote the arts.
