PROFILE

My name is Isaiah Louis, a native of Orlando, Florida. I'm an Audio-Visual Technician, Videographer, Editor, and Stagehand. I'm eager to learn and acquire as many skills as possible to make myself more of an asset to any company. I've been able to utilize my years of experience to learn and grow in a competitive field. I also have experience operating a teleprompter and a boom mic.

EXPERIENCE

PA and BTS ("Paperline 2" Movie)

April 2024

In charge of capturing behind the scenes content to use as promotion for the release of the movie. Assisting the AC with any additional footage to use as a second or third angle. Attentive to any additional needs of the director while on set. Duties also included unloading and loading camera equipment and prepping for set design before filming began.

Stagehand (Rhino Staging)

August 2023 – Present

Unloading materials and equipment from trucks. Setting up lighting, props, microphones and other equipment. Testing equipment to ensure it is in working order before filming or a performance. Building and disassembling sets. Assisting technicians with the operation of lighting, sound, and video equipment. Aiding in quick wardrobe changes and makeup touch-ups as needed. Operating curtains and quickly moving scenery and props during theatrical productions.

AV Technician (Encore Global)

October 2022 – May 2023

Responsible for setting up and operating small-scale audio/visual systems in a hospitality environment while ensuring customer satisfaction. Duties involved transporting, setting up, and installing media equipment and/or audiovisual support tools such as speakers, monitors, cameras, and equipment racks. Responsible for setting up and performing electrical wiring, programming, and basic construction according to the venue layout. Performed trouble shooting on video, audio, lighting, and other signals. Disassembled equipment, wiring, and support tools in a safe manner. Performed inventory management on equipment, wiring, and accessories.

Creative Media Director (ZayVisionTV, LLC.)

April 2020 – Present

Responsible for filming, editing, and producing content for local sports teams. Enhanced marketing reach for local sports teams through video by developing multi-platform media plans, overseeing digital marketing efforts, and planning content. Monitored competition and provided ideas and solutions to stand out.

Creative Media Intern (Bullsvision, Univ. of South FL)

August 2019 – March 2020

Responsible for filming, editing, producing, and assisting with content creation for the University of South Florida basketball program. Duties included labeling, organizing, and helping in editing footage in the post-production process. Assist in creating content for all social media platforms.
